Re: Notice of Construction Start
Lockhart Road Reconstruction and Servicing Project

Dear Resident,

We wish to advise you that commencing on August 19, 2019, the reconstruction and servicing of Lockhart Road from the 20th Sideroad to the 25th Sideroad will begin. The General Contractor, North Rock Group Ltd. will install sanitary sewer and watermain along a section of the Lockhart Rd. (see map below), they will also replace three road-crossing culverts and repave the road.

Public Road Access & Traffic Disruptions

Traffic disruptions may occur during construction. Driveway access will be maintained throughout the construction, except for temporary disturbances during driveway culvert replacement and restoration. Please refrain from parking your car on the road during construction hours which would be between **7:00am to 8:00pm**. For temporary driveway disturbances, the contractor will advise where to park. One lane will remain open at all times, or detours will be set up as required, notice for these will be given ahead of time.

Additional Information

Due to the nature of construction, loud noise, and dust could occur during daytime hours. We thank you in advance for your patience and cooperation. Should you have any questions or concerns related to this project, please contact:

Basil Hussain P.Eng.
Construction Administrator
KiHL Construction Management
289-231-8244

Thank you

The estimated completion date is July 2021.
