FROM THE BOARD OF DIRECTORS – DIRECTOR OPENINGS & SEMINAR COMMENCEMENT

There has been a misunderstanding within the Association Board which has resulted in some of its directors resigning. It is unfortunate, but one that the Board needs to rectify so that we can continue to deliver to you the highest level of expertise you are used to receiving and expect.

We still have strong dedicated Board directors who are committed to working hard on your behalf and are taking whatever steps we need to do business to ensure great service.

The Association has some vacancies on the Board and if a member is interested in serving our community, it would be appreciated if you would contact linda.morris@bell.net to advise if you would be interested in serving. The Board would like to ensure our level of commitment, service and successes in fighting AGI rent increases will continue at the level we have achieved.

Our seminar series will be delayed this term but we will keep you advised via our various methods of communications: eBulletin, Facebook, posters in the halls and on the entrance signs.
